

ERIC WILLIAMS
ROHNERT PARK, CA 94928
(707)919-5945
erichenrywilliamsjr@gmail.com

PROFESSIONAL SUMMARY:

U.S. Army Veteran and former Sergeant with leadership experience and a growing background in information technology, networking, cybersecurity, Linux administration, and technical support. Completed advanced coursework through Santa Rosa Junior College and Cisco Networking Academy in cybersecurity, enterprise networking, ethical hacking, Linux administration, and Python programming. Experienced with Windows, Linux, virtualization, Active Directory concepts, network troubleshooting, hardware deployment, and technical documentation. Known for quickly learning new technologies, solving complex problems, and delivering dependable support in fast-paced environments. Seeking an IT Support, Help Desk, Systems Administrator, or Cybersecurity role where I can continue building enterprise-level technical experience.

TECHNICAL SKILLS

Operation Systems:

- Windows 10/11
- Windows Server (learning)
- Linux (Ubuntu, Kali Linux)

Networking:

- TCP/IP
- DNS
- DHCP
- VLANs
- VPN
- Routing
- Switching
- Cisco IOS
- Network Troubleshooting

Systems Administration:

- Active Directory (Labs)
- User Account Management
- Group Policy (Learning)
- VirtualBox
- VMware
- Linux Administration

Security:

- Wireshark
- Nmap
- Vulnerability Assessment
- Security Fundamentals
- Ethical Hacking
- SIEM Fundamentals
- Security Best Practices

Programming:

- Python
- Bash
- HTML
- CSS
- JavaScript
- SQL

Tools:

- Microsoft 365
- Git
- GitHub
- Cisco Packet Tracer
- Visual Studio Code
- MySQL Workbench
- Splunk
- pfSense

CERTIFICATIONS:**Cisco Networking Academy - Ethical Hacker - Issued: May 2026**

- Completed Cisco's Ethical Hacker program covering penetration testing methodology, reconnaissance, vulnerability assessment, Linux security, web application security, wireless security, cloud security, and post exploitation techniques.

Cisco Networking Academy - CCNA: Enterprise Networking, Security & Automation (ENSA) - Issued: February 2026

- Enterprise routing and switching
- WAN technologies
- VPN implementation
- Network automation
- ACLs
- Enterprise network security

Cisco Networking Academy - Linux 2 - Issued: May 2025

- Linux administration
- Shell scripting
- File permissions
- Services
- User management
- Networking
- Server administration

Cisco Networking Academy - CCNA: Switching, Routing & Wireless Essentials (SRWE) - Issued: May 2025

- VLANs
- Inter-VLAN Routing
- EtherChannel
- WLAN configuration
- Switching
- Networking security fundamentals

Cisco Networking Academy - Partner: PCAP - Programming Essentials in Python - Issued: December 2024

- Python programming fundamentals
- Functions
- Loops
- Object-oriented programming
- File handling
- Modules

TECHNICAL PROJECTS:

HomeIT & Cybersecurity Lab: 2025 – Present

- Built and maintained a Windows-based home lab using VirtualBox for hands-on IT administration and cybersecurity training.
- Configure and manage multiple virtual machines including Windows and Linux operating systems.
- Practice network troubleshooting, operating system installation, user administration, and system configuration.
- Document technical procedures and troubleshooting steps to improve repeatability and organization.

Cisco Enterprise Networking Lab:

- Designed enterprise network topologies using Cisco Packet Tracer.
- Configured routers, switches, VLANs, trunk ports, static routing, DHCP, DNS, and IPv4/IPv6 addressing.

- Practiced enterprise network troubleshooting using Cisco networking best practices.

Linux Administration Lab:

- Administer Linux systems through the command line.
- Configure file permissions, users, groups, services, networking, and shell scripting.
- Perform software installation, package management, and system maintenance.

Ethical Hacking & Security Lab:

- Conduct reconnaissance and vulnerability assessments using industry-standard methodologies.
- Practice network scanning, enumeration, packet analysis, and security testing in controlled lab environments.
- Analyze security concepts involving web applications, wireless networks, Linux systems, and enterprise infrastructure.

Python Automation Projects:

- Develop Python programs using functions, loops, variables, modules, and file handling.
- Create scripts that automate repetitive administrative tasks and reinforce programming fundamentals.

MILITARY SERVICE:

U.S. Army: Sergeant (E-5)

May 2014 – October 2020

- Led, trained, and supervised junior Soldiers while maintaining accountability, mission readiness, and adherence to Army standards.
- Planned and coordinated daily operations ensuring tasks were completed accurately, safely, and on schedule in high-pressure environments.
- Diagnosed and resolved operational issues quickly, applying structured troubleshooting and sound decision-making under time constraints.
- Maintained accountability for government equipment and sensitive assets while following strict security policies and documentation procedures.
- Prepared reports, maintained records, and communicated operational updates to leadership and team members.
- Worked collaboratively with diverse teams during training exercises, humanitarian assistance, and overseas operations in South Korea and Hawaii.
- Recognized with the **ARMY GOOD CONDUCT MEDAL** for professionalism, reliability, and consistent performance.
- Promoted to Sergeant (E-5) based on demonstrated leadership, accountability, and mission performance.

EDUCATION: Santa Rosa Junior College

**Computer Studies – Cybersecurity,
Networking & Systems Administration
Some College Coursework
April 2023 - May 2026**

Relevant Coursework:

- Cybersecurity
- Cisco Networking (CCNA)
- Linux Administration
- Python Programming
- Front-End & Back-End Web Development
- Networking Fundamentals
- Ethical Hacking

ADDITIONAL SKILLS:

- Adaptability
- Customer Service
- Documentation
- Leadership
- Mentoring
- Problem Solving
- Team Collaboration
- Time Management
- Training

Military Awards:

- x4 Army Achievement Medals (AAM)
- Army Good Conduct Medal
- National Defense Service Medal
- Global War on Terrorism Service Medal
- Korean Defense Service Medal
- Army Service Ribbon
- Overseas Service Ribbon
